 Dear Dr Gilbert WS Simanjuntak,

Thank you for having submitted your abstract on:

Technique of Silicone Oil Removal Along with Secondary Lens Implantation Under Topical Anesthesia (Presentation Type: Oral Presentation)

I am pleased to inform you that your abstract submission has been accepted by the EVRS lecture committee.

Your presentation will be held during the session: *"My Way in Treating PVR" on Monday afternoon, September 8, 2008, at the Municipal House, Prague, Czech Republic. The allocated time is: 8 minutes.*

Two podiums will be on the stage. To avoid any delay, you will be requested to come up to the vacant podium while the previous speaker is presenting at the other podium. If your presentation exceeds the allocated time, time will be removed from your discussion period and the global interest of your talk will then decrease.

If you are on time, your presentation will be followed by a 5 min discussion and then by an interactive vote (Best Presentations will receive an Award).

You are requested to download your presentation on Monday morning, September 8, 2008, in the Speaker Ready Room at the Municipal House, Prague, Czech Republic.

Do not hesitate to contact me for further information at contact@evrs.org

See you in Prague.

Best regards

Anja Leppich
