**ABSTRACT**

This research was conducted in order to find out the perceptions of junior high school students towards using Quizizz to develop vocabulary in English lessons. The subjects of this study were 69 respondents at SMPN 26 Jakarta in 2022–2023. This is a survey design using a questionnaire as instrument, and the data were analysed quantitatively, which resulted in 74% of a good perception. From the research, it concluded that 1.36% of the students strongly disagree, 8.51% disagree, 67.17% agree, and 22.96% strongly agree. Based on the results of this research, it can be concluded that students have good and positive perception about using Quizizz to develop vocabulary.
