Dear Dr. Sinurat,

We have learned of your published research on celecoxib and would like to invite you to participate in our publishing program.

To learn more about Nova and our recently published books, please visit [About Us](#) and our website at [novapublishers.com](#).

We welcome two possible avenues of cooperation (you can select one or both):

1. Your authorship or editorship of a monograph or edited collection on a topic of your choice.

The format (monograph or edited collection), approach and the manuscript submission date is at your discretion. If you are interested, please fill in our Book Idea Form and return it to us. If your book proposal is accepted for publication, we will send our agreement for your evaluation and signature. Your book will be published in printed and electronic formats simultaneously.

2. Your submission of one or more original research or review chapter(s) for our upcoming hardcover edited collection (by selected invitation only) tentatively entitled:

The Pharmacological Guide to Celecoxib

The deadline for the abstract is **December 31, 2018** and for the completed chapter **March 31, 2019**. Please send the abstract and the chapter to nova.main@novapublishers.com. Inclusion in Nova's edited collections is without charge to authors. The only exceptions are color figures if required and an English editing fee if it is determined to be necessary. Other manuscript enhancement options are available at the author's discretion. Please see the [detailed notes](#) for contributors.

We also welcome proposals to serve as the editor of this volume. If you are interested, please send your latest CV to us. Proposals to serve as the editor are welcome up to the abstract deadline.

You are welcome to extend this invitation letter on our behalf to your esteemed and recommended colleague(s) active in this field of research.

We look forward to the possibility of working together. We also invite you to visit our office on Long Island or meet with one of our representatives in New York, should such a possibility arise.

Sincerely yours,

Kepada: 'Robert Sinurat'

Dear Dr. Sinurat,

Good day. Thank you for your email message and for your interest in Nova's upcoming publishing program. This is to acknowledge receipt of your abstract. Additional confirmation will come via separate email.

We would also like to invite any colleagues you may recommend with an interest in contributing a chapter and/or book proposal pertaining to this field of research.

Please notify me if you do not receive a confirmation email within seven days.

Sincerely,
Stella Rosa

Kepada: 'Robert Sinurat'

Dear Dr. Sinurat,

Good day. Thank you for your email message. I am pleased to confirm preliminary acceptance of your chapter based on the abstract received. Please send the final version of the chapter by email attachment to nova.main@novapublishers.com on or before the final chapter deadline.

The preferred programs are Microsoft Word 2013 or Latex; Microsoft 2007 and 2010 are also acceptable. Please indicate which version of MS Word was used at the time of submission. Please avoid sending the chapters in any version earlier than 2007 as this may result in publication delay, quality issues and preparation fees.

The following items must be included with the final chapter submission:

- A Copyright Transfer Form (see attachment)
 - **Please note that chapters without a signed Copyright Transfer Form will not be published.**
- An abstract and chapter title
- Author Names (first name, middle name or middle initial (if used), last name (surname))
- Affiliations (must include City, State (if it applies), and Country. No zip codes/postal codes or street addresses should be included)
- Original high resolution (350-750 dpi) source files for all figures and graphics

Please read the attached Chapter Requirements before preparing your chapter.

Important Note: The Work must undergo spellcheck prior to submission to the Publisher. In order to avoid delays in publication and possible rejection of the Work, we recommend that our distinguished foreign authors have the Work

Dear Dr. Sinurat,

Good day. Thank you for your email message. This is to acknowledge receipt of your chapter files. Additional confirmation will come via separate email within 15-20 days.

Please note that this will be the final chapter submission and any revisions must be submitted within two days of this email. Please notify us immediately if you require extra time to revise your chapter.

Any future corrections and changes (not to exceed 2% of the total chapter) can be made at the page proof stage of the editorial process, thereafter.

Questions are welcome at any time. Thank you.

Sincerely,

Important Note: It has been over ten days since our previous email.

Dear Dr. Sinurat,

Good day. I am writing to you in regard to your chapter, Anti Inflammatory Mechanisms and Effect of Celecoxib for Endoneural Stem Cells Survival in Spontaneous Intracerebral Hemorrhage in the book, The Pharmacological Guide to Celecoxib. It has come to our attention that your chapter requires English editing.

Please see the comments and some examples from our Editing Department below:

awkward phrasing, missing articles
example (abstract):
Neuron cells died in SICH due to primary injury cause of compression and damage directly by blood clot, and secondary injury by neuroinflammation process.

sentence fragmentation

Dear Dr. Sinurat,

Good day. We acknowledge receipt of, and thank you for your chapter.

We are happy to let you know that the above-mentioned book has entered the Page Proof stage of production. Your chapter is confirmed as accepted for publication unless it is determined that it requires English editing or if original source files for any of the figures or graphics are missing, of which you will be notified. Please see the attached Nova requirements for revision of your chapter. Please ensure your chapter is in full compliance with these requirements before returning your completed page proofs.
