Dear

Dr.

Sinurat,

Your manuscript (MS# SNI_523_2019) titled "Occipitocervical fixation using ransford loop for neglected posttraumatic odontoid fracture with atlantoaxial dislocation: A technical note" has been peer-reviewed by our reviewers.

Your manuscript may be acceptable for publication in Surgical Neurology International subject to satisfactory revision of the manuscript as per the reviewer's suggestions. The reviewers have raised a number of points which we believe would improve the quality of the manuscript.

Reviewer's comments can be found in the author panel of Manuscript Management System at <https://editorialassist.com>.

Once you are in author panel please click the "My Manuscripts->For Revision", then click the "Revise manuscript" to see the reviewer's comments. Reviewer's comments are also given below for your convenience.

After you revise your manuscript as per the reviewer's comments, **please upload two copies of the revised manuscript, one with changes in the bold and one clean copy** from the author's panel after clicking "Re-Submit Manuscript" link.

We would encourage you to revise your manuscript at the earliest and resubmit it.

When submitting, please include a point-by-point response to Reviewer's comments in covering letter and upload it along with revised manuscript in the "upload manuscript section".

- Please check the reviewer comments

Best
