dear editor,

i just want to inform you that i just submited revision as your suggestion. I don't submit it in the new form, but rather in the actual upload in the same active manuscript id (IJCMPH-6678).

I did the revision on the:

- 1. Abstract format,
- 2. table of hypothesis
- 3. Modified the discussion section, by comparing each parameter of the present study findings with previous studies along with its relevant reference

Looking forward to hear any news from you. I am thanking you for suggesting me on this revision to make this manuscript better.

Really Hope that you can consider this revision and may accept this to be publish on your journal.

thank you so much.

sincerely,

Forman Erwin Siagian
