Events: It tells what happenend and in what sequence.

Re-orientation: It consists of optional-closure of events/ending.

Language Features of Recount Text

a. Simple past tense

We use simple past tense to tell or talk about actions or situations in the past.

The pattern:

Statement: Subject + Verb 2 + Object

Negative Statement: Subject + did not + Verb 1 + Object

Interrogative: Did + Subject + verb 1 + Object?

For example:

+) I went to Yogya last week

-) I did not go to Yogya last week

?) Did you go to yogya last week?
b. Pronouns
The subjectives pronouns (he, she, it, they, you, we) are used for the subject of a clause.

Example: where did you go last week?

The objectives pronouns (him, her, me, it, them, you, us) are used for the object of a verb or preposition.

Example: John talk to her for a while

The possesive before a noun (my, his, her, our, their, its, your) is used to show possession.

Example: This is my book. Where is your book?

The possesive after a noun (mine, his, hers, theirs, yours, ours) is also used to show possession.

Example: this book is mine, but that one on the table is yours.

c. Noun Phrases
Pay attention to these sentences.

- Sylvester Stallone is a film actor.
- He is also a famous actor in the world.

The bold phrases in the sentences above are called noun phrases. A noun phrase can consist of:

- Noun and noun (e.g. a hockey stick)
- Adjective and noun (e.g. a beautiful girl)
- Noun and adverbial phrases (e.g. a girl from his hometown)

d. Time connectives
Time connectives can be used to show chronological order. One of the language features of stories is the use of words that show the order of events. Here are some of the words: at first, when, at this point, next, then, soon after, at this time, after a while, afterwards, before that, following that, meanwhile, etc.

e. Time conjunctions:
Conjunction used to link words, phrases, and clauses.
Example:

➢ I ate the pizza and the pasta.
➢ Call the teacher when the students are ready for the test.

Conjunction help to show:

<table>

<tr>
<th>Time</th>
<th>Cause</th>
<th>Opposition</th>
<th>Choice</th>
<th>Addition</th>
<th>Effect</th>
</tr>
</thead>
<tbody>
<tr>
<td>When</td>
<td>Because</td>
<td>But</td>
<td>Or</td>
<td>And</td>
<td>So</td>
</tr>
<tr>
<td>As</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

f. **Capitalisation**

Capital letters are used:

➢ At the beginning of a sentence.
  e.g. Games can be tools for learning about computers.

➢ For the names of people, place, languages, organizations, terms, trade names, etc.
  e.g. Sally, Dr. Henry, Bank of America, Garuda Indonesian, The Los Angeles Time, Coca Cola, Eiffel Tower, etc.

g. **Punctuation**

➢ Commas (e.g. I need a book, some paper, a pencil and ruler).
➢ Full stops (.)
➢ Apostrophes (e.g. the student’s books)
➢ Questions marks (e.g. what time is it?)
➢ Quotation marks (e.g. He said, “why did you do that?”)
➢ Exclamation marks (e.g. Oh dear! Get out!)

   - 50  = Cukup
   - 25  = Kurang

2. Skor maksimal = jumlah sikap yang dinilai dikalikan jumlah kriteria = 100 x 4 = 400
3. Skor sikap = jumlah skor dibagi jumlah sikap yang dinilai = 275 : 4 = 68,75
4. Kode nilai / predikat:
   - 90,00 – 100,00 = Sangat Baik (SB)
   - 89,00 – 80,00 = Baik (B)

Namun agar penilaian tetap bersifat objektif, maka guru hendaknya menjelaskan terlebih dahulu tujuan dari penilaian diri ini, menentukan kompetensi yang akan dinilai, kemudian menentukan kriteria penilaian yang akan digunakan, dan merumuskan format penilaianya Jadi, singkatnya format penilaianya disiapkan oleh guru terlebih dahulu. Berikut Contoh format penilaian:

<table>
<thead>
<tr>
<th>No</th>
<th>Pernyataan</th>
<th>Ya</th>
<th>Tidak</th>
<th>Jumlah Skor</th>
<th>Skor Sikap</th>
<th>Kode Nilai</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
</tbody>
</table>

Catatan:
1. Skor penilaian Ya = 100 dan Tidak = 50
2. Skor maksimal = jumlah pernyataan dikalikan jumlah kriteria = 4 x 100 = 400
3. Skor sikap = (jumlah skor dibagi skor maksimal dikali 100) = (250 : 400) x 100 = 62,50
4. Kode nilai / predikat:
   - 90,00 – 100,00 = Sangat Baik (SB)

Meeting my Idol

Afgan has always been my favourite singer. I have always been thinking of how I would feel when I met him. Then I was suddenly hit by lightning when I found out Afgan was coming to town for a concert in a local auditorium. A day before the concert, there would be a meet-and-greet event at a local radio station. Feeling excited, I packed all my Afgan’s CDs to get his signature at the event.

On that bright and sunny Saturday morning, the radio station was full of Afganism (that’s how Afgan’s fans are called). They sat on the chairs prepared inside the radio station’s lobby. Some stood in rows in the front yard of the radio station. A spot inside a lobby was prepared with a mini stage for Afgan’s singing performance and a table for Afgan to sign Afganism’s memorabilia.

Finally, after about 40 or 50 minutes wait, Afgan showed up from inside the radio station. He smiled and waved to all Afganism who had been waiting excitedly saying, “Good morning. How are you all?” The crowd went crazy, the shouts sounded like a mix of “Fine, thank you” and screams of Afgan’s name. Then, he started the event by singing his hit single “Dia dia dia”. Afganism went even crazier, they sang along with him throughout the song. Of course, I did too. I couldn’t take my eyes off this amazing singer who had released three albums. When he finished with the song, the host announced that it was time for autographing the memorabilia. I prepared my CDs and began to stand in the line. When I arrived at the table, I was speechless. It was unreal just seeing him that close. I thought it was really cool seeing him like that because he really just. He asked my name so that he could write it on the CD to say “To Mia, Love Afgan”. He was also very friendly, so I didn’t feel too nervous when I had a chance to take pictures with him. He was just an amazing person. And it was the best day ever!

Rearrange the jumbled sentences below into a good and meaningful paragraph.

1. I turned the professor saying, “let’s play the man a trick; we’ll hide his shoes and hide ourselves behind the bushes and wait to see him confused when he can’t find his shoes.”
2. I was one day taking a walk with a professor who was commonly called “the students’ friend” because of his kindness to all his students.
3. In this way, you’ll give yourself a much greater pleasure by means of the poor man. Let your gentleness be evident to all.
4. “My friend,” answered the professor, “You are rich. Why don’t we put some coins into each shoe, and then we’ll hide ourselves and watch how the man was pleased with his discovery.
5. As we went along, we saw a pair of old shoes lying in the path. The shoes belonged to a poor man who was employed in a field nearby. He had nearly finished his day’s work.

*Catatan:
1. Aspek perilaku dinilai dengan kriteria:
   - 100 = Sangat Baik
   - 75  = Baik
   - 50  = Cukup
25  = Kurang
2. Skor maksimal = jumlah sikap yang dinilai dikalikan jumlah kriteria = 100 x 4 = 400
3. Skor sikap = jumlah skor dibagi jumlah sikap yang dinilai = 275 : 4 = 68,75
4. Kode nilai / predikat :
   90,00 – 100,00  = Sangat Baik (SB)
   89,00 – 80,00  = Baik (B)
   79,00 – 70,00  = Cukup (C)
   69,00 – 30,00  = Kurang (K)
5. Format di atas dapat diubah sesuai dengan aspek perilaku yang ingin dinilai

- Penilaian Diri

Seiring dengan bergesernya pusat pembelajaran dari guru kepada peserta didik, maka peserta didik diberikan kesempatan untuk menilai kemampuan dirinya sendiri. Namun agar penilaian tetap bersifat objektif, maka guru hendaknya menjelaskan terlebih dahulu tujuan dari penilaian diri ini, menentukan kompetensi yang akan dinilai, kemudian menentukan kriteria penilaian yang akan digunakan, dan merumuskan format penilaiannya Jadi, singkatnya format penilaiannya disiapkan oleh guru terlebih dahulu. Berikut Contoh format penilaian :

<table>
<thead>
<tr>
<th>No</th>
<th>Pernyataan</th>
<th>Ya</th>
<th>Tidak</th>
<th>Jumlah Skor</th>
<th>Skor Sikap</th>
<th>Kode Nilai</th>

Catatan :
1. Skor penilaian Ya = 100 dan Tidak = 50
2. Skor maksimal = jumlah pernyataan dikalikan jumlah kriteria = 4 x 100 = 400
3. Skor sikap = (jumlah skor dibagi skor maksimal dikali 100) = (250 : 400) x 100 = 62,50
4. Kode nilai / predikat:
   90,00 – 100,00 = Sangat Baik (SB)

Mohammad Hatta

Mohammad Hatta is my hero because he is an important person in my life. He is almost a perfect person to me. He took us out from the darkness into the light. He is the father of cooperative economic enterprise in Indonesia. He was a political leader. I admire his thoughts about politics and economics. And there are many reasons why I become one of his admirers.

Mohammad Hatta was born in West Sumatra in 1902. He comes from an aristocratic family. Mohammad Hatta got the best education available in the Netherlands Indies. Then, he continued his studies in economics at the Rotterdam School of Commerce. He joined the Indonesian Independence Movement and edited a journal, “Indonesia Merdeka.” He was arrested in 1927 by the Dutch colonialists. He had a court trial, but he was released. Hatta returned to Sumatera in 1932 and he become the chairman of the Indonesia National Education (Pendidikan Nasional Indonesia), a nationalist organization. He was again arrested by the colonialists and exiled in 1935 for his activities.

Hatta, Soekarno and other nationalist leaders decided to cooperate with the Japanese to further the purpose of Indonesian independence. So, on the 17th of August 1945, Hatta and Soekarno joined in proclaiming the independence of Republic of Indonesia. Soekarno became the president, and Hatta become the vice president. The Indonesian people were very happy because they got their freedom, but the Dutch colonialists resisted the nationalists. Hatta become a defense minister in 1948 to fight against the Dutch troops. Again, he was imprisoned by the Dutch in 1948. Then, he become the vice president of the republic again, as before.

**Catatan:**

1. Aspek perilaku dinilai dengan kriteria:
   - 100 = Sangat Baik
   - 75 = Baik
   - 50 = Cukup
   - 25 = Kurang

2. Skor maksimal = jumlah sikap yang dinilai dikalikan jumlah kriteria = 100 x 4 = 400

3. Skor sikap = jumlah skor dibagi jumlah sikap yang dinilai = 275 : 4 = 68,75

4. Kode nilai / predikat:
   - 90,00 – 100,00 = Sangat Baik (SB)
   - 89,00 – 80,00 = Baik (B)
   - 79,00 – 70,00 = Cukup (C)
   - 69,00 – 30,00 = Kurang (K)

5. Format di atas dapat diubah sesuai dengan aspek perilaku yang ingin dinilai

- **Penilaian Diri**

Seiring dengan bergesernya pusat pembelajaran dari guru kepada peserta didik, maka peserta didik diberikan kesempatan untuk menilai kemampuan dirinya sendiri. Namun agar penilaian tetap bersifat objektif, maka guru hendaknya menjelaskan terlebih dahulu tujuan dari penilaian diri ini, menentukan kompetensi yang akan dinilai, kemudian menentukan kriteria penilaian yang akan digunakan, dan merumuskan format penilaian yang akan digunakan oleh guru terlebih dahulu. Berikut contoh format penilaian:

2. Skor maksimal = jumlah pernyataan dikalikan jumlah kriteria = 4 x 100 = 400
3. Skor sikap = (jumlah skor dibagi skor maksimal dikali 100) = (250 : 400) x 100 = 62,50

Read the following recount text below and identify the generic structure of the text

My bad day

In the middle of a bright day, I had an appointment with my friend for lunch. I drove along the main road at a reasonable speed.

About fifty mettres before the crossroads, a pedestrian who was walking on the pavement suddenly ran across the road in front of my car. I was so surprised that I braked as hard as I could. I really panicked and I had to swerve to avoid the pedestrian. I crashed into a car which was parked by the side of the road.

Fortunately, the pedestrian was not injured, but I had a bad cut on my face because my head hit the wind screen. I did not wear my seat belt.

Then, an ambulance arrived and took me to the hospital where I had to have five stiches and rested for a few hours. There was a lot of damage to my car; the wind screen was broken and the bodywork was badly damaged. Later, I was interviewed by the police at the hospital.

**Recount Text**

A recount text is a text that retell an event that the telling about an activity, action and story that happened in the past. Its goal is to entertaining or informing the reader.

Orientation: It tells who was involved, what happened, where the events took place, and when it happened.

Events: It tells what happened and in what sequence.

Re-orientation: It consists of optional-closure of events/ending

**Language Features of Recount Text**

### y. Simple past tense

We use simple past tense to tell or talk about actions or situations in the past.

The pattern:

- **Statement**: Subject + Verb 2 + Object
- **Negative Statement**: Subject + did not + Verb 1 + Object
- **Interrogative**: Did + Subject + verb 1 + Object?

For example:

- +) I went to Yogya last week
- -) I did not go to Yogya last week
- ?) Did you go to Yogya last week?

Time signals for simple past tense: yesterday, last night, last week, last year, two weeks ago, once upon a time, long ago, one day, in 2007, etc.
z. Pronouns
The subjectives pronouns (he, she, it, they, you, we) are used for the subject of a clause.
Example: where did you go last week?
The objectives pronouns (him, her, me, it, them, you, us) are used for the object of a verb or preposition.
Example: John talk to her for a while
The possesive before a noun (my, his, her, our, their, its, your) is used to show possession.
Example: This is my book. Where is your book?
The possesive after a noun (mine, his, hers, theirs, yours, ours) is also used to show possession.
Example: this book is mine, but that one on the table is yours.

aa. Noun Phrases
Pay attention to these sentences.
> Sylvester Stallone is a film actor.
> He is also a famous actor in the world.
The bold phrases in the sentences above are called noun phrases. A noun phrase can consist of:
> Noun and noun (e.g. a hockey stick)
> Adjective and noun (e.g. a beautiful girl)
> Noun and adverbial phrases (e.g. a girl from his hometown)

bb. Time connectives
Time connectives can be used to show chronological order. One of the language features of stories is the use of words that show the order of events. Here are some of the words: at first, when, at this point, next, then, soon after, at this time, after a while, afterwards, before that, following that, meanwhile, etc.
cc. Time conjunctions:
Conjunction used to link words, phrases, and clauses.

Example:
- I ate the pizza and the pasta.
- Call the teacher when the students are ready for the test.

Conjunction help to show:

<table>
<thead>
<tr>
<th>Time</th>
<th>Cause</th>
<th>Opposition</th>
<th>Choice</th>
<th>Addition</th>
<th>Effect</th>
</tr>
</thead>
<tbody>
<tr>
<td>When</td>
<td>Because</td>
<td>But</td>
<td>Or</td>
<td>And</td>
<td>So</td>
</tr>
<tr>
<td>As</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

dd. Capitalisation
Capital letters are used:
- At the beginning of a sentence.
  e.g. Games can be tools for learning about computers.
- For the names of people, place, languages, organizations, terms, trade names, etc.
  e.g. Sally, Dr. Henry, Bank of America, Garuda Indonesian, The Los Angeles Time, Coca Cola, Eiffel Tower, etc.

e.e. Punctuation
- Commas (e.g. I need a book, some paper, a pencil and ruler).
- Full stops (.)
- Apostrophes (e.g. the student’s books)
- Questions marks (e.g. what time is it?)
- Quotation marks (e.g. He said, “why did you do that?”)
- Exclamation marks (e.g. Oh dear! Get out!)

ff. Word showing orders and connectives of time
Words showing orders (menggunakan conjunction and connectives of time)

One of the language features of recount is the use of words that show the order in which the events in the text happened.
- First - Meanwhile
- Then - Afterwards
- After that - Next, ...

**Read the following recount text below**

**My bad day**

In the middle of a bright day, I had an appointment with my friend for lunch. I drove along the main road at a reasonable speed.

About fifty metres before the crossroads, a pedestrian who was walking on the pavement suddenly ran across the road in front of my car. I was so surprised that I braking as hard as I could. I really panicked and I had to swerve to avoid the pedestrian. I crashed into a car which was parked by the side of the road.

Fortunately, the pedestrian was not injured, but I had a bad cut on my face because my head hit the wind screen. I did not wear my seat belt.

Then, an ambulance arrived and took me to the hospital where I had to have five stiches and rested for a few hours. There was a lot of damage to my car; the wind screen was broken and the bodywork was badly damaged. Later, I was interviewed by the police at the hospital.

We use simple past tense to tell or talk about actions or situations in the past. The pattern:

**Statement** : Subject + Verb 2 + Object

**Negative Statement** : Subject + did not + Verb 1 + Object

**Interrogative** : Did + Subject + verb 1 + Object?

For example:

+) I went to Yogya last week

-) I did not go to Yogya last week

?) Did you go to yogya last week?

Time signals for simple past tense: yesterday, last night, last week, last year, two weeks ago, once upon a time, long ago, one day, in 2007, etc.

Pengamatan langsung dilakukan oleh guru. Berikut contoh instrumen penilaian sikap

<table>

Catatan:
1. Aspek perilaku dinilai dengan kriteria:
   - 100 = Sangat Baik
   - 75 = Baik
   - 50 = Cukup
   - 25 = Kurang
2. Skor maksimal = jumlah sikap yang dinilai dikalikan jumlah kriteria = 100 x 4 = 400
3. Skor sikap = jumlah skor dibagi jumlah sikap yang dinilai = 275 : 4 = 68,75
4. Kode nilai / predikat :
   - 90,00 – 100,00 = Sangat Baik (SB)
   - 89,00 – 80,00 = Baik (B)
   - 79,00 – 70,00 = Cukup (C)
   - 69,00 – 30,00 = Kurang (K)
5. Format di atas dapat diubah sesuai dengan aspek perilaku yang ingin dinilai

- Penilaian Diri
Seiring dengan bergesernya pusat pembelajaran dari guru kepada peserta didik, maka peserta didik diberikan kesempatan untuk menilai kemampuan dirinya sendiri. Namun agar penilaian tetap bersifat objektif, maka guru hendaknya menjelaskan terlebih dahulu tujuan dari penilaian diri ini, menentukan kompetensi yang akan dinilai, kemudian menentukan kriteria penilaian yang akan digunakan, dan merumuskan format penilaianannya Jadi, singkatnya format penilaianannya disiapkan oleh guru terlebih dahulu. Berikut contoh format penilaian:

<table>
<thead>
<tr>
<th>No</th>

serta mengusulkan ide/gagasan.

2 Ketika kami berdiskusi, setiap anggota mendapatkan kesempatan untuk berbicara.

3 Saya ikut serta dalam membuat kesimpulan hasil diskusi kelompok. 50

4 ... 100

Catatan:
1. Skor penilaian Ya = 100 dan Tidak = 50
2. Skor maksimal = jumlah pernyataan dikalikan jumlah kriteria = 4 x 100 = 400
3. Skor sikap = (jumlah skor dibagi skor maksimal dikali 100) = (250 : 400) x 100 = 62,50
4. Kode nilai / predikat:
   90,00 – 100,00 = Sangat Baik (SB)
   89,00 – 80,00 = Baik (B)
   79,00 – 70,00 = Cukup (C)

Language Features of Recount Text

**oo. Simple past tense**

We use simple past tense to tell or talk about actions or situations in the past. The pattern:

Statement : Subject + Verb 2 + Object

Negative Statement : Subject + did not + Verb 1 + Object

Interrogative : Did + Subject + verb 1 + Object?

For example:

+) I went to Yogya last week

-) I did not go to Yogya last week
?) Did you go to yogya last week?

Time signals for simple past tense: yesterday, last night, last week, last year, two weeks ago, once upon a time, long ago, one day, in 2007, etc.

**pp. Pronouns**
The subjectives pronouns (he, she, it, they, you, we) are used for the subject of a clause.

Example: where did you go last week?

The objectives pronouns (him, her, me, it, them, you, us) are used for the object of a verb or preposition.

Example: John talk to her for a while

The possessive before a noun (my, his, her, our, their, its, your) is used to show possession.

Example: This is my book. Where is your book?

The possessive after a noun (mine, his, hers, theirs, yours, ours) is also used to show possession.

Example: this book is mine, but that one on the table is yours.

<td>Because</td>
<td>But</td>

   - 50  = Cukup
   - 25  = Kurang
2. Skor maksimal = jumlah sikap yang dinilai dikalikan jumlah kriteria = 100 x 4 = 400
3. Skor sikap = jumlah skor dibagi jumlah sikap yang dinilai = 275 : 4 = 68.75
4. Kode nilai / predikat :
   - 90,00 – 100,00 = Sangat Baik (SB)
   - 89,00 – 80,00  = Baik (B)
   - 79,00 – 70,00  = Cukup (C)
   - 69,00 – 30,00  = Kurang (K)
5. Format di atas dapat diubah sesuai dengan aspek perilaku yang ingin dinilai
- **Penilaian Diri**

Seiring dengan bergesernya pusat pembelajaran dari guru kepada peserta didik, maka peserta didik diberikan kesempatan untuk menilai kemampuan dirinya sendiri. Namun agar penilaian tetap bersifat objektif, maka guru hendaknya menjelaskan terlebih dahulu tujuan dari penilaian diri ini, menentukan kompetensi yang akan dinilai, kemudian menentukan kriteria penilaian yang akan digunakan, dan merumuskan format penilaian yang akan digunakan. Berikut contoh format penilaian:

<table>
<thead>
<tr>
<th>No</th>
<th>Pernyataan</th>
<th>Ya</th>
<th>Tidak</th>
<th>Jumlah Skor</th>
<th>Skor Sikap</th>
<th>Kode Nilai</th>
</tr>
</thead>
<tbody>
<tr>

<td>100</td>
<td></td>
<td></td>
<td></td>

</tr>
</tbody>
</table>

**Catatan:**
1. Skor penilaian Ya = 100 dan Tidak = 50
2. Skor maksimal = jumlah pernyataan dikalikan jumlah kriteria = 4 x 100 = 400
3. Skor sikap = (jumlah skor dibagi skor maksimal dikali 100) = (250 : 400) x 100 = 62,50
4. Kode nilai / predikat:
   - 90,00 – 100,00 = Sangat Baik (SB)
   - 89,00 – 80,00 = Baik (B)
   - 79,00 – 70,00 = Cukup (C)
   - 69,00 – 30,00 = Kurang (K)
5. Format di atas dapat juga digunakan untuk menilai kompetensi pengetahuan dan keterampilan

New Year Holiday Story

The lost school holiday, I spent my time with my family and go to Perak Brain. A 2 hour trip by train, from our house in Java, having arrived at the government house, we were greeted by our relatives who had not met us for a long time.

The next day, we walked around Perak Brain until the sky got dark. Finally, we decided to go home at 6:00 PM. On that day, one of the next days, I forget that it was the new year. Suddenly, one of my cousins came and asked me to celebrate the new year together.

At night, I went together with him to a mall called which had already been so crowded because a lot of people who also wanted to celebrate the new year with his family, the countdown arrived, the sky which was dark at once, then became colorful, decorated by fireworks, we played together and watched the fireworks.

Suddenly, the holiday passed quickly, the last new year holiday experience in Perak Brain.

Example of the Result of Post-test

In the last holiday, Me and my family went to Malang. We rent a hotel room in Batu city, the traffic in Malang were so annoying. Some like Jakarta. Most of people usually travel the city by car or motor cycle.

On first day we used to visit Museum Angkrut Malang. There were lots of an old car, historical statue, old stuff, and lot of old transportation. There were lot of good photo spot so we spent time in there to take a lot of photo.

On the second day in Malang, at the dawn we went to Mount Bromo. The weather is friendly on that day, the wind is blowing, the birds are singing. Each other. Me, and my father used to climb up to top of the hill we arrived at the top but in feel so tired, so we take a little bit rest and after that we went to the savana. Near the Mount, the grass is so green and wonderful. There are prohibited place, it's called "Poso Berbaga" its prohibited because the road is full of cloud so we can't see anything in there and maybe we can get lost.

On the last day in Malang, my mother went looking for some souveniers to take home.
The Story Holiday at grandma's house

Last school holiday, I spent time with my family on vacation to grandma's house in Medan. About 15 hours away by bus from our in Jakarta.

On the way there, I saw many beautiful scenery such as rice fields, mountains, etc. Upon arriving at grandma's house, we were greeted by our relatives who had recently met us.

In the evening, my sister and I went to the train station. From there we went straight to Alun-Alun Medan. There are so many beautiful kids who play scooters and also the colorful garden light. Finally, we decided to go home at 9 pm that day.

The next day, my sister and I went to Surabaya by train. Until there we waited our family to pick us up. At night, we went to the mall for dinner together. When finished dinner, I bought ice cream and went straight home.

In the morning, my sister and I went to home. Finally, the holiday passed quickly. My last holiday experience in Surabaya City.
