ABSTRACT

This research was conducted to know how strong the correlation between student's learning motivation and speaking achievement. To attain the objective, the data is was taken from the score result of the second semester at SMA ZAIEN. The participants were the 30 students in the grade 2 SMA ZAIEN. The method of this research was quantitative method. The data were analyzed by using SPSS version 23.

The result showed that there was significance correlation between students learning motivation and speaking achievement.. Hypothesis testing to see the correlation obtained significant at $\alpha = 0.05$; concluded that there was a significant and positive relationship between student's learning motivation and speaking achievement at SMA " ZAIEN " Tebet

Based on the result, it can be concluded that the higher student learning motivation the higher the ability of students in speaking.

Keyword: student's motivation, *speaking achievement*, *correlation*, *quantitative research*.

Acknowledgement

She would like to thank you Lord Jesus for his blessing and kindness through these so many years during her study at UKI. Finally, after so many struggles and challenges, She can finish Her thesis. She's nothing without Him. In this special moment, she also would like to thanks some special and important people in her life.

She would like to show my deepest and sincere gratitude to her advisors Mr. Saniago Dakhi and Mr. Hendrikus Male. She appreciates is every advice, encouragement and guidance during the process of making this research. She is thankful because they were so detail in every single way, so she does not miss anything to complete her thesis.

Her special thanks are for family, her mom & dad, sisters, and special thank to her leaders at community cell Fingerlin Kilis and Jery Wahido who always to supports and encourages, reminds her to finish her thesis. In addition, she would like to say thank you to classmate at UKI, They who always have time to help and support her when she was not able to complete her thesis in time.

She would like to thank to SMA ZAIEN Tebet especially to all staff and principal who gone her chance to collect the data from grade 11th and special thanks to all of student who joins to answers questionnaire.
