Dear Prof. Hatta,

Saudi Journal of Anaesthesia has received your manuscript entitled "Systemic Lidocaine Inhibits HMGB1 mRNA Expression and Protein in BALB/c Mice After Closed Fracture Musculoskeletal Injury" for consideration for publication. The reference number for this manuscript is "SJA_685_17". Kindly quote this in correspondence related to this manuscript.

The manuscript is being reviewed for possible publication with the understanding that it is being submitted to one journal at a time and have not been published, simultaneously submitted, or already accepted for publication elsewhere either as a whole or in part. Online submission of this article implies that the corresponding author has the written consent from all the contributors to act as corresponding author.

You are requested to send the signed copyright/contributor form within two weeks. The form can be uploaded as an scanned image from your area. The decision about the manuscript will be conveyed only on receipt of the form. High resolution images are required at the time of acceptance, you should be notified separately for the same, if images uploaded by you are not of printable quality.

The Editors will review the submitted manuscript initially. If found suitable, it will follow a double-blinded peer review. We aim to finish this review process within a short time frame, at the end of which a decision on the suitability or otherwise of the manuscript will be conveyed to you via this system. During this process you are free to check the progress of the manuscript through various phases from our online manuscript processing site <http://www.journalonweb.com/sja>.

We thank you for submitting your valuable work to the Saudi Journal of Anaesthesia.
