Dear Author(s),

Thank you very much for submitting your research article to *Journal of Asian Finance, Economics and Business (JAFEB)*. We have read the paper and we found that the topic is very interesting and the manuscript showcases commendable research integrity. However the editorial board does not believe that the current manuscript meets the standards and submission guidelines of the journal.

**Editorial Board and Selection Policy:** Please note that **Editorial Board of the journal will be very selective**, accepting only the articles on the basis of **scholarly merit, research significance, research integrity and compliance with the journal style guidelines (APA)**. The JAFEB Editorial Board respects and promotes all authors and contributors on the basis of research ability and experience **without considering race, ethnicity, nationality, citizenship, financial means, or any of narrow frames of reference**.

**Article Publication Charge (APC):** JAFEB is an **Open Access** journal accessible for free on the Internet. Yet, the print and online publication process does involve costs including those pertaining to setup and maintenance of the publication infrastructure, routine operation of the journal, processing of manuscripts through peer-reviews, editing, publishing, maintaining the scholarly record, and archiving. To cover these costs, the journal depends on **APC also called "Article Publication Charge" (US dollar \$500 or Korean currency 600,000 Won) per article so that APC is mandatory**. There are NO submission charges for JAFEB whether the article is rejected, reviewed, or accepted. **[Important:** After the external reviews having completed if the paper gets accepted in favor of publication on the journal then an official invoice of APC will be followed. Based on the invoice the author should make a payment for APC. Before the paper gets accepted for publication, **any payments or early payments do NOT count any credits toward its acceptance for possible publication.**]

**Checklist of Manuscript and Submission (Very Important Items):**

In particular, the following must be addressed and met the requirements and guidelines:

**1. JAFEB Engagement:** If the literature current, relevant, and broad enough to set the context for the research, you should engage with the style and the discussions published in JAFEB. The work in the journal evolved considerably as you can see on [JAFEB Archive](#). To fully contribute to the subject, you will need to engage with JAFEB. To do so: you should **include at least 3 - 5 recent and relevant references in JAFEB**. Your paper should reflect the cutting edge thinking of relevant literature in JAFEB. **If the manuscript does not include at least THREE citations/references from JAFEB, the manuscript would be stopped/rejected by the Desk Editor without further review.**

**2. Abstract:** Abstract must adhere to the following: A concise and factual abstract is required. **Please rewrite abstract** to reach **about 200 words** in total for this purpose from **current 154 words** in your case. The abstract should describe the following items in order of: **1) the purpose of the research (The study**

aims to investigate..., 2) data, materials, and methodology (This study employs samples/survey data/time series data of ...), 3) the results (The results show/reveal that .....), and 4) major findings (The findings of this study suggest that ..., in an unstructured manner. An abstract is often presented separately from the article, so it must be able to stand alone. **If the word counter (software) finds more than 5% deviation, the manuscript would be stopped/rejected by the Desk Editor without further review.**

**3. Tables and Figures: JAFEB accepts Tables/Figures created by the author's own work only.** Number Tables/Figures consecutively in accordance with their appearance in the text. Tables must be adjustable. **Avoid vertical rules. Extremely large tables that take more than one page print are NOT acceptable.** Be sparing in the use of tables and ensure that the data presented in tables do not duplicate results described elsewhere in the article. A paper in JAFEB from now on may include **a maximum of six (6) tables/figures/appendixes in total.** In particular, JAFEB does not accept any figures/artworks borrowed from others (i.e. output of AMOS, charts and reports of Statistics Agency's), if not created by the author's own work. **Please reduce a number of tables/figures/appendixes and resize/adjust the oversized tables to fit in a single page print in your case. If the Desk Editor finds any outsizes, the manuscript will be stopped/rejected by the Desk Editor without further review.**

**4. Citation and Reference Style Guides:** Authors are expected to adhere to the guidelines of **APA 6<sup>th</sup> or 7<sup>th</sup> edition (American Psychological Association).** Please provide full information of publications complying with the APA citation and reference styles. **Please ensure that every reference cited in the text is also present in the reference list (and vice versa). If the reference checker (software) finds more than THREE unmatched citations/references, then the manuscript will be automatically rejected by the Desk Editor without further review.**

**[Important! Please translate all references in local languages (i.e. Vietnamese, Indonesian, Malay, Thai, Pakistani, Arabic, Russian, Ukrainian) into English (through Google translator or AI translators) according to APA style guide at its best. If any references are not translated to English, then the manuscript will be automatically rejected by the Desk Editor without further review. JAFEB publishes all articles in English only].**

In particular, all citations in the text should refer to: **Two authors: list all authors' surname (family names) with Lee and Nguyen (2020) in the text or (Lee & Nguyen, 2020) in parentheses** separating the two authors and the year of publication.

**Journals:** Lee, J. W., & Nguyen, A. H. (2020). Citations and reference style guides of APA 6th edition and Asian names. *Journal of Asian Finance, Economics and Business*, 7(1), 2-4. <https://doi.org/10.13106/jafeb.2020.vol7.no1.2>

**Book (ISBN):** Greenberg, P. (2001). *CRM at the Speed of Light* (5th ed.). Emeryville, CA: Lycos Press.

Dear Editor Journal of Asian Finance, Economics and Business (JAFEB)

I intend to submit research results to the journal Journal of Asian Finance, Economics and Business (JAFEB). In this paper, we will examine how environmental factors caused by climate change and people's behavior directly or indirectly affect the development of a region.

I use administrative area data at the smallest (village) level and overall in Indonesia. This data has not been explored much, I hope the analysis of this data can add knowledge to the development of the smallest level region in a country. so that policies can be determined what needs to be done so that it fits the development goals.

thanks.

Best regards,  
Authors
