I read and use scientific articles published in (JSST)

The performance of the JSST was excellent, and the article published helped me in conducting research and writing articles.

I am a lecture at Indonesia Christian University/ Universitas Kristen Indonesia

I have completed a scientific article entitled "The Comparison of the Use of Spinal Anesthesia with General Anesthesia in Appendectomy Patients at Rumah Sakit Umum Universitas Kristen Indonesia from January 2016 - August 2018"

I hope this this article can be published in the JSST, because there are interesting finding in the scientific article that can become new treasures in science, especially in field of medicine

I am willing to go through the review process following JSST standard

Thanks.
