Dear Editor,
International Journal of Medical and Health Research (IJMHR)

I read and use scientific articles published in (IJMHR)
The performance of the IJMHR was excellent, and the article published helped me in conducting research and writing articles.
I am a lecturer at Indonesia Christian University/Universitas Kristen Indonesia
I have completed a scientific article entitled "The relationship between stress levels and menstrual cycle regularity in students of the faculty of medicine, universitas kristen Indonesia, class of 2017"

I hope this article can be published in the IJMHR, because there are interesting finding in the scientific article that can become new treasures in science, especially in field of medicine.

I am willing to go through the review process following IJMHR standard

Thanks.
