The form is attached. You will need to access the site in order to register and pay for  
open access. I just tried the link from the email and it opened  
for me with no problems. Try checking with your IT person or maybe access from  
another computer.

Sincerely

Dear Barbara,

I already can access the link you provide and download all the files needed. Now, I'm waiting for the all other authors agreement sign. Do you need me to send you the hardcopy of the signed paper (open access license agreement), or I can only send you the scanned signed paper and send it to you by email? And the payment. I couldn't find payment form through the link. could you help? Thank you so much for your help.

Regards,

When you accessed the link and registered, it should give you an option to bill or pay at that time. Once the LTP form is signed, you can email it directly to me at this address.

DS-00245-2016.R3 - Classification of Foreign Body Reactions due to Industrial Silicone Injection

Dear Dr. Harlim:

Good afternoon. Thank you for sending over the paperwork for open access of your manuscript referenced above. It has been confirmed with the publisher that your online order was submitted, however it will have to be cancelled and refunded as it was submitted incorrectly.

When choosing the journal during the payment process, you chose the wrong journal and thus the payment amount was incorrect and resulted in an underpayment for Open Access for Dermatologic Surgery (DSS). This amount will be refunded back to you and you will need to resubmit your open access order and payment. Please note that it's very important that they make sure you resubmit the order under the correct journal?

If you have any questions or concerns, please feel free to contact me.

Sincerely,

Barbara Tregre  
Managing Editor
