Thank you very much for the information

From: Editor Submission <emergency.submission@gmail.com>**Sent:** Thursday, June 2, 2022 11:55 AM**To:** Faradiba <faradiba@uki.ac.id>**Subject:** Re: Welcome to SCIENCEDOMAIN international**Dear Dr. Faradiba Faradiba,**

Welcome to this journal. Thank you for submitting your valuable manuscript. I am Ms. Ruma Bag. I will be working as your 'Personal Editorial Manager (PEM)' during processing of your manuscript. If you face any problem during processing of this manuscript you are always welcome to contact me. I will be happy to help you.

Please send us your Mobile number & whatsapp number for better communication.

Charge for emergency processing: Sometimes authors require emergency processing of manuscript due to strict deadline of interview/promotion etc. To meet such request, without compromising the peer review quality, Editorial staffs employ additional efforts. Therefore, for such kind of emergency processing of manuscript, authors require to pay INR 1000 or US\$ 30 as additional charge.

Please inform us your publication deadline immediately in return mail. This deadline will help us to plan our processing activities as per your requirement.

Please be safe during this COVID-19 pandemic situation. We wish best of health for you and your family members.

With Best Regards

Ms. Ruma Bag

Subject: subbmision paper in Asian Journal of Agricultural and Horticultural Research

Dear Editor,

In the following I submit a manuscript for consideration in the publication **Asian Journal of Agricultural and Horticultural Research** (<https://www.journalajahr.com/index.php/AJHR>).

If possible, I take the fast track. Thank you.

Review Form 1.6

Journal Name:	Asian Journal of Agricultural and Horticultural Research
Manuscript Number:	Ms_AJAHR_88217
Title of the Manuscript:	THE EFFECT OF INCREASING TEMPERATURE ON WELFARE OF PLANTATION FARMERS
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajahr.com/index.php/AJAHR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The tables 1a, 2a and etc aren't quite clever and don't represent research sequence	done
<u>Minor</u> REVISION comments	The manuscript is important contains novel research outputs but needs some modifications	done
<u>Optional/General</u> comments	The increasing temperature has great impact on decreasing agricultural productivity, which reduces the number of poor farmers in Indonesia. This phenomenon has essential importance for country. It has great influence on the welfare of the community. Regarding data it must be indicated time period used in study. In Conclusion the research results are presented poorly and have to be changed.	done

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<u><i>(If yes, Kindly please write down the ethical issues here in details)</i></u>

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Generally, this paper is interesting by analysing a rich data set. Study results are helpful for designing relevant policies pertinent to farmers' welfare. It could be helpful for the readers to know the variables by presenting a table of summary statistics. Variables such as disadvantaged regions and Java are dummies, right? Please clarify.	The variables of underdeveloped areas and the island of Java are control variables in this study done
<u>Minor</u> REVISION comments	None.	
<u>Optional/General</u> comments
